

# *Warrant Of Trade*

*Resolved henceforth in the name of the Most Beneficent God-Emperor of Mankind, the High Lords of Terra grant this Warrant of Trade to:*

*And to all of his line, from now until the end of time.*

*The Bearer of this Warrant of Trade is granted the inalienable right to go forth beyond the sacred borders of the blessed Imperium, to contact such benighted civilizations as he may encounter, and to make war for the glory of the Emperor as he deems necessary. By the authority of the Senatorum Imperialis, this Warrant places the Bearer as a peer to the great powers of the Imperium, inter alia: Imperial Commanders, Chapter Masters of the Adeptus Astartes, and the masters of the Holy Orders of the Emperor's Inquisition.*

*The authority this Warrant grants begins where the Imperium ends. Beyond the extent of Imperial rule, the bearer of this Warrant speaks with the voice of the Emperor Himself.*

*It is the bearer's right and his responsibility to claim whatever worlds, resources, or privileges he may obtain in any manner he chooses.*

*By writ of Seal of Holy Terra*
